### **Our Dearest PRESPL Employees,**

We are passing through **tumultuous trying times with spread of COVID-19** in our Country and the Pandemic looms large as we have limited knowledge and resources to fight it. Concerns of the Government must be shared, and we must be proactive in precautionary measures and Self-Quarantine and give our whole-hearted support for Lockdowns being ordered in our interest. We, at **PRESPL** care deeply about you and your families and health and safety takes highest precedence.

We know that many of you will experience **some trying conditions** and we want to assure you that the **Management and Board at PRESPL are seized of the situation** and will take all measures for your safety. Our secondary goal is currently also to minimize the impact of these disruptions for our Clients and across all our business verticals. As we acknowledge the advisories and directions of both Central and State Governments, we are reviewing our operations daily and are taking all precautions necessary.

**We remain sincerely committed** in providing highest quality of professional service and dedicated support to our Clients, our VLEs and CPs and look forward to **Collective Responsibility** sharing amongst all stakeholders within PRESPL also, to tide over such challenges.

Necessary steps have been taken and directions passed to all concerned to **cater to medical and survival requirements** as the lockdown progresses and we will keep you informed through the HR.

Should you need any support and help from us, do feel free to **contact the Management directly** as office landlines will not be functional for some time. Our MD, **Lieutenant Colonel Monish Ahuja (Retd)** will be available at **+91-8898057100** & [monishahuja@prespl.com](mailto:monishahuja@prespl.com)
